Doctoral Program in Literature and Linguistics

SATO

Graduate students in various fields have been working as "Learning Adviser". We will support your campus life. We are willing to offer consultation besides a question about the library.

I would like to hear the method of using library's homepage. It has very useful functions. I not only want to ask about library, but also hear about campus life.

My favorite place in the Central Library

Global Information Corner(3F-Lounge)

There are many comics such as Nodame Cantabile and Doraemon(English ver). I was amazed it.

This room is better suited for group activity too.

Area of Specialty, Keywords

Urban Planning, Public Transportation

Graduate School of Systems and Information Engineering
Doctoral Program in Risk Engineering

MATSUBARA

In your learning, YOU are the leader.
Value your intellectual spirit of inquiry.

My favorite place in the Central Library

The room of Universe bulletins in Japan on the 1st floor. Tall bookshelves and a deep room represent concentration of universe wisdom. Once you go up a ladder, you are a researcher.

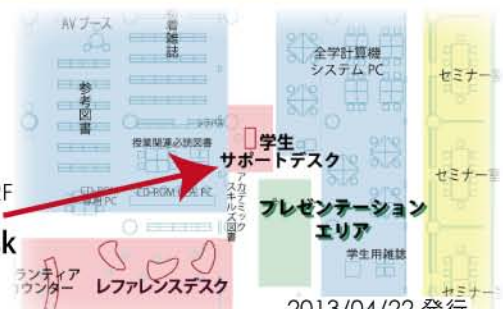

If I were you, I would ask learning advisers when I worry about whether my mind can reach to you by my draft for reports or theses. When I don't know how to complete a teacher-training course.

Newly made computer systems (2F), Learning Adviser Support /Student Support Desk

During this winter, the computer is fully renewed. The system itself has higher spec and much software is available for free! If you have some concerns, questions or comments about these new system, please feel free to ask us.

Area of Specialty, Keywords

Aerobic Granular Sludge formation within different gaseous molecule exposure

My research is mainly focusing on water purification method with various gas exposures. In many part of third world countries, the water is still unsafe to drink without treatment. Within this research, I occasionally feel how gifted we are and how the water environment interconnected to our lifestyle
